Post Office MEDiPOS Medical Scheme

Putting your wellbeing first

30 September 2022

Dear Provider

MEDiPOS MEDICAL SCHEME UPDATE

Further to the communication forwarded to you in August 2022, regarding the possible suspension of members, please be advised that, as the South African Post Office (SAPO) has not paid what is due in terms of the Court Order, the Scheme has no option, but to suspend benefits of members with outstanding contributions, effective 1 October 2022.

As previously communicated, all claims with a service date prior to 1 October 2022 will be honoured by the Scheme and processed and paid, so please ensure that you submit claims within 4 months from the date of service.

Further to this, the Scheme will continue to honour the claims for those members who are not suspended, as the suspension does not apply to **ALL** members.

The Scheme is allowing members to repay their debit and become individual members, to ensure they are able to have continuity of cover. Should a member need hospitalisation, please call our pre-authorisation department who will be able to validate the current status of the member.

Should you have any queries in this regard please contact the Scheme on 0860 100 078 or by email to enquiries@medipos.co.za.

Yours sincerely
On behalf of the Board of Trustees

Tmlotshwa
