1. Introduction

Welcome to the Universal Healthcare Provider Network ("Universal Network").

Universal Network is the Network Division of Universal Care, an accredited managed care organisation within the Universal Healthcare Group.

Universal Care is contracted to Medical Schemes and Occupational Health Products to establish and manage networks of healthcare providers to service patients in the lower income segments. The Universal Provider Network Agreements are definitely not a mechanism to discount the General Practitioners' fee structure, but rather **a conduit to facilitate access to basic primary healthcare** for patients who are currently not insured. The concern of "buy downs" is not only a threat to the General Practitioners' practices but seriously challenges the sustainability of these network arrangements from a funding perspective.

Our goal is to provide affordable access to primary healthcare, within a provider network arrangement, without compromising quality of care.

The market the Universal Group is targeting for participation in these network arrangements is not the current existing insured market.

This manual contains information to assist you, the General Practitioner, when servicing patients on any of the medical scheme options, occupational health products and insurance plans using the Universal Provider Network. Patients are required to use a General Practitioner from the list of Universal Network General Practitioners.

1.2 Identifying beneficiaries/employees/insured persons

All beneficiaries/employees/insured persons will carry a membership/WHP/policy card which will indicate that they are beneficiaries/employees/insured persons.

Confirmation of beneficiaries/employees/insured persons eligibility can be obtained from:

- The Universal Call Centre on **(011) 208-1000/1010/1020**
- The Universal website at: **www.universal.co.za**
- Service providers are urged to contact the Universal Call Centre to confirm membership validity/employee eligibility/ insured person validity and available benefits before providing services to the beneficiaries/employees/insured persons.

Please also verify the patient's details against the patient's identity book/passport.

2. GP Reimbursement

Excluding Universal Health & Accident Plan (UHAP)

Each Medical Scheme, Occupational Health Product or Insurance Plan on the Universal Provider Network has specific GP benefits/services which must be obtained from a Universal Network General Practitioner.

2.1. Consultation fees

The following codes must be used for all accounts for acute, follow-up or chronic visits (0190, 0191 or 0192). All fees stated in this manual are inclusive of VAT.

Category	Category Description	2026 Fees
Category A	Dispensing doctors: Consultation fee including acute medication	R538
	uConsult Telehealth Dispensing doctors (opt-in practices only): uConsult Telehealth Consultation fee (all hours) via virtual platforms including acute medication (0130)	R454

4. mediBucks™

mediBucks™ provides access to a dedicated digital health wallet/ account which allows Corporates and their clients or employees with the ability to contribute, save and manage budgets for health and wellness expenses.

uConsult™ extends the convenience of online consultations to all our Network Providers through our Telehealth uConsult Platform. This offering is accessible, not only to the medical Scheme, and UHAP members, but also allows registration on uConsult™ for consultations for mediBucks™ and WHP members as well. Please note that payment for consultations is exclusively facilitated through mediBucks™ and fees are collected upfront.

You will have access to our new corporate client/s on uConsult, for a nominal monthly fee of R99 and a R0.99 usage fee. Please be aware that the patient will pay for the administration, security, switching and banking fees over and above your fee. This will not be deducted from your fee. Refer to the table 2.1 above for a detailed breakdown.

The following codes must be used:

0190, 0191 or 0192- In person consultation
0130 - Telephonic consultation (all hours) via virtual platforms (SMS, whatsapp, video and voice calls via uConsult only).

5. Pathology

Pathology Benefits / Services

Only certain Pathology tests are covered. See page 57 for the Pathology Request Form.

Pathology tests that are not listed on the Universal Network Pathology request form will not be funded unless pre-authorisation is obtained from Universal Care.

Pathology services may only be rendered by a Universal Preferred Pathology Providers, except in the case of emergencies.

Workplace Health Plan (WHP)

Only selected pathologists may be used, Lancet (Drs Mauff AC & Partners), Ampath (Drs Du Buisson, Kramer, Swart & Bouwer) Pathcare (Dr Dietrich Bruce E Street & Partners).

Universal Health & Accident Plan (UHAP)

Only pathology tests listed on the Universal Network Pathology request form, excluding the codes listed below, will be funded, and are subject to the available specified benefit limit per event.

The following pathology tests are not covered on the Universal Health & Accident Plan (UHAP):

CO19	Negotiated COVID-19 test
3979	COVID-19 test
4437	Kremer test: Semen
4440	Semen analysis: Cell count
4441	Semen analysis: Cytology
4442	Semen analysis: Viability + motility - 6 hours
4443	Semen analysis: Supravital stain
4445	Seminal fluid: Alpha glucosidase
4446	Seminal fluid fructose
4447	Seminal fluid: Acid phosphatase
4595	Foetal autopsy excluding histology

© 2026 Universal Care (Pty) Ltd

6. Radiology

Radiology Benefits / Services

Only certain Radiology tests are covered. See page 59 for the Radiology Request form.

Radiology tests that are not listed on the Universal Network Radiology request form will not be funded unless pre-authorisation is obtained from Universal Care.

Radiology tests on the Universal Health & Accident Plan (UHAP) are paid according to the specified benefit limit for x-rays, as requested as part of the allocated GP event. **Please refer to page 59** for the Universal Network Radiology request form.

Advanced Radiology (i.e. any other radiology investigations including CT and MRI scans) are limited to benefits as stipulated in the rules of the Scheme and must be pre-authorised.

Specialist Referral procedure

Out-of-hospital Specialist visits require referral by a Network GP and must be pre-authorised by Universal Care **prior to the visit**.

A Specialist referral form must be completed by the referring Network GP when referring a patient to a Specialist. See page 61 for the **Specialist Referral Form**.

NB: *To obtain pre-authorisation please see Contact Details (back cover).

Specialist costs are funded at Scheme rates and are subject to the beneficiary's available Medical Scheme day-to-day benefits.

Authorisations are only valid for a specified date period and the beneficiary must visit the Specialist within the authorised date period.

No additional authorisation is required should the Specialist require Pathology tests as specified on the Universal Network Pathology request form.

No additional authorisation is required should the Specialist require Radiology tests as specified on the Universal Network Radiology request form.

NB: Pre-authorisation is required for any Pathology tests or Radiology procedures required by the Specialist, that are not listed on the Universal Network Pathology and/or Universal Network Radiology request forms. **(Please refer to pages 57 and 59 for the Pathology and Radiology request forms)**.

Any medicine prescribed by a Specialist is subject to the Universal Network medicine formulary.

8. HIV Benefits / Services

Beneficiaries/employees of the Medical Scheme/Occupational Health Product managed within the Universal Network have access to an HIV Disease Management programme; this excludes insured persons on the Universal Health & Accident Plan and certain Universal Workplace Health Plan options.

All HIV+ve beneficiaries/employees should be registered on the HIV Disease Management programme. HIV positive patients on the HIV programme receive telephonic supportive counselling for HIV from specially trained HIV nurse counsellors. The HIV nurses follow up regularly with each patient registered on the programme to monitor disease progression and compliance.

The table below shows the HIV Programme providers per Medical Scheme/Occupational Health Product.

Medical Schemes	Options/Plans	Registration on the Universal HIV Programme	HIV Programme Provider	Universal Medicines Formulary

	Essential Advance			

Each HIV patient has access to the following benefits/services for HIV:

- Supportive HIV counselling and HIV disease information.
- Regular follow up GP visits.
- Antiretroviral treatment (ART) prescribed according to the HIV formulary.
- Appropriate pathology tests for HIV management.
- Monitoring and treatment during pregnancy to prevent Mother to Child Transmission (PMTCT). Access to Post Exposure Prophylaxis (PEP) after accidental exposure to HIV or sexual assault.
- Treatment is to be commenced as soon as possible after exposure and four weeks treatment will be authorised.
- Prophylactic treatment for TB and PCP (Isoniazid, Cotrimoxazole).
- Vaccination (Flu, Pneumonia).

Patients registered on the HIV programme qualify for the following GP consultations and pathology tests for the management of their condition:

Tariff code	Tariff Description	No. of procedures or tests per year, dependent on patient's control
0190-0192	GP consultations	2
3816	CD4 cell count	2
4057	Fasting glucose	1
3755	Full blood count	2
4531	Hepatitis Screen (Hep B)	1
4025	Lipogram	1
4130-4131	Liver function test	2
3974	PCR qualitative, in PMTCT only (newborn)	1
3881, 3885, 3893, 3916, 3974, 4651	TB screen	1
4032	Creatinine	2
4429	Viral load	2

Antiretroviral medicine (ART) medicines must be prescribed according to the Universal Chronic Medicine Formulary. The prescribed medicines must be pre-authorised on the HIV Programme.

A completed chronic application or a prescription may be emailed or faxed to the HIV Disease Management Department. The HIV Disease Management Department performs a review of the treatment prior to the authorisation of the medicine. After the medicines have been authorised the HIV counsellors contact the patient to arrange for the medicine to be obtained from the Scheme's Preferred Pharmacy or from the doctor's practice.

A patient consent form is available on page 65. Please refer to the chronic medicines formulary for a list of medicines covered for HIV.

The HIV nurses from the HIV Disease Management Department regularly contact the patient telephonically to monitor disease progression and compliance to the HIV treatment plan. **For the contact details, please refer to the back page of the manual.**

10. Medicines and Medicine Formularies

10.1. Acute Medicines

All members/employees/insured persons are covered for acute medicines according to the Universal Network Acute Medicine Formulary and are subject to the Formulary Reference Price (FRP). Medicines that are not on the medicine formulary will not be paid for.

- The cost of any acute medicine prescribed by a Universal Network GP and dispensed by a pharmacy, forms part of the consultation fee and will be subtracted from the fixed rate consultation fee as listed in Section 2 of this Manual (**Category B doctors)**.

- For dispensing doctors registered as such on the Universal GP network, the cost of any acute medicines dispensed by the GP forms part of the consultation fee and may not be charged separately. As a dispensing GP who receives the higher consultation fee, the costs of any scripted formulary medication will be clawed back from your consultation fee. **(Category A doctors)**.

On the **Universal Health & Accident Plan (UHAP)**, acute medicines form part of the consultation and treatment event and are paid according to specified procedure limits. Please refer to the benefit limits per event.

© 2026 Universal Care (Pty) Ltd

© 2026 Universal Care (Pty) Ltd

10.2. Chronic Medicines:

All chronic medicines (as per the list of conditions covered in the tables below), are subject to the Universal Chronic Medicine Formulary and the Formulary Reference Price (FRP). A specified benefit limit is applicable per condition on the Universal Health & Accident Plan (UHAP).

These chronic medicines may be dispensed by a contracted dispensing GP or obtained from a pharmacy within the Universal Network. The cost of chronic medicines does not form part of the consultation fee.

All chronic patients need to register on the Universal Chronic Programme and all chronic medicines **must be pre-authorised and obtained from a Chronic DSP pharmacy, or from a Universal Network Pharmacy.** A Chronic Medicine application may be completed by the GP, or alternatively the GP may contact **0860 111 900** to register the condition telephonically. **Please refer to page 63** for the Chronic Medicine application form.

PATIENT'S CONSENT

I _____ hereby give consent to:

- Allow the Universal Care HIV counsellors to obtain clinical information and records relating to me or my dependents' (where applicable) (child or legal beneficiary) health, treatment and any other aspects of medical care provided,
- Allow any health care worker responsible for the management of my treatment to share my clinical information with the Universal Care HIV counsellors or Case Managers.

I confirm/understand that:

- Counselling/education on HIV/AIDS has been offered to me in a language that I understand,
- I am able to make an informed decision to voluntarily join the Universal Care HIV programme,
- A Universal Care counsellor will be available for me to consult should I require it,
- The purpose of performing diagnostic pathology tests is to establish my HIV status, to monitor, clinically treat and manage my HIV and that I understand the implications of knowing my HIV status,
- Ongoing testing and monitoring of my condition is required as part of the programme and that the treatment protocol may change based on the outcome of any test,
- Should I not comply with the programme protocols or prescribed treatment that the Medical Scheme/ Occupational Health product, at its sole discretion, may elect to exercise its right to limit my benefits to the statutory prescribed minimum benefits,
- I voluntarily consent to the drawing of blood samples and to the testing of such blood samples in order to establish my HIV status, as well as the subsequent drawing and testing of blood samples to monitor and treat my HIV condition,
- Universal Care is the administrator of the programme and that my selected GP is responsible for the management of my condition, including the prescription of medication. Therefore Universal Care or the Medical Scheme/ Occupational Health product will not be liable for claims by me or my dependents (where applicable) arising from my participation in the programme.
- My clinical information regarding my HIV status will not be shared with my employer without my written consent,
- I may voluntarily withdraw from the programme, but understand the implication thereof,
- That all the information I have provided for the completion of this form is accurate and complete,
- I have been given a copy of this document.

This consent is in respect of any matter on file with any physician or health care provider. The information obtained will not be divulged to any other individual, institution or organization, except to such persons who are required to receive such information in the ordinary course of their employment at Universal Care or the Medical Scheme's/ Occupational Health Products administrator or the Medical Scheme itself. Universal Care and its employees shall not be held liable should my personal information or HIV status be unauthorised and unintentionally disclosed to a third party or revealed to a third party through coding of accounts using ICD10 codes.
